Chinese cuisine is a time-honored art, which above all requires a delicate touch. For the most experienced Chinese cooks, Planters Peanut Oil adds that touch.

Pure, light Planters Oil enhances, never changes, the taste of foods. In fact you can cook several different foods in the same oil without any fear of taste transfer.

What's more, Planters Oil heats up to 420 degrees without smoking, and because the same oil is re-usable many times over, Planters is economical too.

For perfect frying, sautéeing, salad dressings, pastry baking . . . Planters Peanut Oil is your basic guide to authentic Chinese cuisine. Try it!

INTRODUCTORY

The 1972-73 Chinese Directory of Calgary and Southern Alberta is the 40th Volume published by the CHINESE PUBLICITY BUREAU Ltd. The Work embodies a resume of the commercial, industrial and social interests of the communities. It is a functional directory in all its parts.

All Chinese firms are grouped according to classification and wherever possible the name or names of the owner is included. Chinese organizations are also listed. There is an alphabetical listing of all Chinese citizens and businesses. The last section in each locale contains the Buyers' Guide. These essential features increase the value and usefulness of this unique book, a combination business and telephone directory - the only one of its kind published today.

The total Chinese population in Southern Alberta is in excess of 12,800. This estimate of population is based on the actual number of individuals listed in this directory, with due allow-

ance for children and women whose names may not be listed. As in other sectors of Canada the Southern Alberta Chinese population is increasingly yearly due to a normal birth rate among the second generation families and/or third generation families. Also to the arrival of many new immigrants from South-East Asia.

An important function of this Directory is to set forth the characteristics and advantages of the different cities to the Chinese people, as places of residence, as business locations and as industrial sites. The Directory acts as a mirror, reflecting all that is noteworthy of the localities in the above respects. In order to spread this information there are copies of the directory in all Public Libraries of major Canadian cities; readily available for reference use by the public. There they serve as perpetual information on the the Chinese communities as they progress.

The publishers take this opportunity of thanking the citizens for all the valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business associates for this Directory. Also the public spirited and progressive business and professional men for their support given in the way of patronage.

HISTORY OF CHINESE IN CANADA

No man knows the year, or even the century, in which the first Chinese foot left its imprint on the western shore of the land that has become the freedom-proud Dominion of Canada

But eminent historical minds have placed the date of the first visit from China at somewhere in the dark ages of western civilization. One of them, B. A. McKelvie, past president of the B. C. Historical Association (Victoria branch) avers there is evidence the slant-eyed stranger made his call 1,000 years before Columbus dropped an anchor on the other side of the continent.

In China, 150 years ago, a Roman Catholic Priest uncovered already ancient archives that recorded many Chinese voyages to the west coast of the North American continent and that named this

province as part of Ta Han (Great China).

The first attempt by a Chinese community to exist in British Columbia originated without the band's consent and ended in the uncertain fate of slavery. A certain Captain Mearse, commanding a British man-of-war, brought a boat load of them to Gold River Valley on the west coast of Vancouver Island, and then sailed off on further commendable naval business. There is nothing to show that the Captain ever sailed into that harbour again but there are traces that show the settlement actually sank its roots in an attempt to survive. The records show too, that these roots suffered eventual complete disruption. It is believed that Spanish ships became aware of the existence of the Chinese community, sailed in and took every member into slavery in their mines in Mexico.

This story has nothing to do with the present day Chinese Canadians and almost nothing to do with the country that is now their home. It is just a pointless little tragedy that is difficult to ignore.

After their disappearance there were no Chinese here for 60 years. When they came again the year was 1858 and they were victims of the California Gold Rush Fever. Many thousands were living in California by this time. But only a few men, some with their families, came questing the yellow magic as far north as the valleys of the Fraser and the Thompson.

Five years later, members of this tiny hardy band took part for the first time in the occidental's hard-won right to choose, from among the people, the men to rule the people. It was British Columbia's first election, held two years after Confederation. The Chinese votes were cast in the town of Lillooet.

For 49 years, Chinese names were on the electoral lists. The lists defined them as 'aliens' but their votes were as highly prized by the successful candidates as any other citizens'.

In the rip-roaring '80s, the demands of the Onderdonk construction had the boats from China's ports debarking the sons of China in thousands. Before the first train from Montreal chuffed triumphantly into Port Moody, 15,000 Chinese were a part of the force making a transcontinental dream come true. They were a potential force, too, in any election of the day. That they exercised their franchise is emphasized in records of the 19th century elections wherein returning officers are stated to have witnessed, as acceptable oaths, the breaking of bowls of rice by groups of the Chinese at the polls.

In the elections of 1894, the Chinese voters broke their bowls and spilled their rice to no avail. The government of '94 included amongst its legislation: "Chinamen of the Province of British Columbia may not make application to have their names inserted in any list of voters and are disqualified from voting at any election". Forgotten were the words of Sir John A. MacDonald who once told the House of Commons, "without their help there is no saying when the Canadian Pacific Railway and the

mines of the west would have been developed".

Perhaps denial of the right to vote came as no surprise to these patient men of 73 years ago. Their fortunes had been on the ebb for three decades.

The proud little train that completed the first Dominion run pushed another milestone into the history of the Chinese in Canada. The majority of them were suddenly without employment and without the income they had known since their arrival. Few of them wished to return to crowded China and its struggle for existence. They preferred the fierce frontier turbulence because of the generous rewards that sometimes went with it. In their quest for new livelihoods, some of them even tried placer mining in the Cariboo. But it was not long before the Chinese found they could not always get their living where they were inclined to seek it.

The violent surgery that saved the life of the United States of America left an infection of racial prejudice that attacked not only the black units in its young being, but also the yellow, the red and the brown. First evidences of the spreading infection came when American mining camps began to display signs restricting Chinese from holding or seeking mining claims After a bloody night in Red Springs, Wyoming, when 28 Chinese were murdered and hundreds driven from the town's Chinatown, it became a condition that screamed for treatment. Only six years had passed since the Union and Confederate states had laid down the arms they bore against each other when the Los Angeles 'massacre' claimed 22 Chinese lives and left many others wounded in varying degree. All along the Pacific coast the cry was 'Down with the Chinese'.

It came over the 49th parallel without rousing the same number of murderous instincts. But it was strong enough to bring at least one mob out in Vancouver. On one street, every Chinese store was damaged. The mob's insane progress was arrested when a strong band of Oriental Canadians drove them off with clubs, knives, bottles and guns. Canada never had to face the death lists that America once mourned over. And this one exhibition of violence in Vancouver so shocked the Canadian sense of justice that the Chinese appeal to Ottawa brought them redress to the extent of — $100,000.00.

For half a century, literate Chinese of this continent were aware that opinions of a majority of occidental countrymen on the Chinese might run anywhere from the impression left by a perusal of Sax Rohmer's 'Fu Manchu' to the characterization to be gained from the pages of 'Charlie Chan'. The occidental merchants, policemen and doctors, who knew the residents of Chinatown for their true worth, were all too few.

After the violence at the turn of the century, the Chinese could only remain in Chinatown and wait. Employment was largely limited to domestic service, laundry, restaurant work and market gardening. In this last field, their patient industry gradually made them indispensable. Their farms began to dot B. C.'s fertile valleys and in a few years the province was dependent on their produce.

The receding tide slowed and finally turned. Successive generations of Chinese students in the schools of the province erased the legend on the Yellow Peril. Eminent Chinese minds began to appear in the professional ranks of Canada. Chinese athletes took their places and many honours on Canadian sports fields and finally, Chinese sailors, soldiers and airmen took their places in the Canadian service ranks and tasted of the victory that ensured the freedom of their country.

旅加華僑歷史考

早年有些船隻橫渡海洋，抵達加西港口，載來了多少移民，他們就成了卑詩省的墾荒者。

我們記諾曼摩里臣 Norman Morison 泰尼牟夫 The Tynemouth 蔡里 The Tory 夏波那 The Harpooner 譚密士失脫 The Thames City 和羅拔脫勞維 Goon Ding Dan 等船隻，但是忘記了那隙士洽船，到了近來在報紙上看見了一個老華僑高鼎登 Goon Ding Dan 在雲高華逝世，壽齡九十二歲一段消息，才引起了人們的追憶。高鼎登是七十五年前來加，在域多利時，年十七，他是搭那隻卑詩史上的五月花隙士洽船來加．相信那隻船載來了最多獨身華僑，抵達加西海港的船隻。

一八七八年六月七日，那隻船抵達這裏的海港時，域多利殖民日報曾說，隙士洽三桅船，船長本汝比氏，由香港啓程來加，四十八天抵達這裏，泊羅的士公司碼頭，他代本埠華商載來中國各種貨物，合共四百噸和三百五十五名華僑搭客。

這些華僑往那裏去，做什麼工作，他們都是往加拉浦去採金鑛，或留在埠裏做餐館和洗衣館，有些住在域多利，頗感不安，爲了當時種族的偏見，受些人們的嘲弄，和從前那做父母的人們，不及注意他們幼小孩子無智的舉動，但是他們仍本着友愛的德性，勤勞的精神做去，沒有中途回國的念頭。

當隙士洽船抵達這裏的時候，殖民日報曾告訴我們一些關於域多利的觀感，那時雲高華埠尚未成立。
